Education

G H Raisonni College of Engineering
B.Tech in Information Technology

GPA: 8.9 / 10
2022 – 2026

Technical Skills

Frontend Development: HTML, CSS, React.js
Backend Development: Node.js, MongoDB
Programming Languages: C++, C, Java, Sql
Deployment: Git & GitHub, Netlify, Vercel
Tools: Postman, Azure

Experience

Intern - Development — Icertis Solutions Private Limited

React.js, GitHub Copilot, Enterprise Applications *On-Site (Pune)* Jan 2026 – Present

- Working on enterprise-level application development, contributing to React-based UI enhancements and modernizing existing components.
- Involved in library upgrades, code optimization, and improving maintainability of large-scale production codebases.
- Utilizing GitHub Copilot and internal tools to streamline development workflows and improve productivity.

Full Stack Web Development Intern — Primine Software Pvt. Ltd

React.js, MongoDB *On-Site* June 2025 – Sept 2025

- Led a 4-member team to develop a complete ERP system from scratch, handling end-to-end development including requirement analysis, authentication, UI, APIs, and database integration.
- Successfully delivered the project within 3 months with efficient team coordination and execution.

Web Development Intern — Desire4Travels Globalwide Travel Life (OPC) Pvt. Ltd.

React.js, OpenAI *Remote* June 2025 – Aug 2025

- Enhanced website performance and functionality using React.js, redesigning 5+ responsive pages for improved UI consistency, mobile experience, and load time.
- Contributed to SEO optimization and continuous website improvements to boost user engagement.

Projects

CodeFlexAi

Next.js, Gemini API, Vapi, Clerk, Convex March 2025

- Built a full-stack AI-powered fitness platform using Next.js, integrating Gemini API and Vapi to deliver personalized workout and diet plans via text and real-time voice interactions.
- Implemented secure authentication (Clerk) and real-time data sync (Convex), supporting 100+ concurrent users with response times under 2 minutes.

AI Career Coach Platform

Next.js, React, Shadcn UI, Gemini API, NeonDB, Prisma, Clerk, Inngeist Jan 2025

- Developed an AI-powered career coaching platform with features like mock interviews, resume building, and career insights using Next.js, React, and Gemini API.
- Designed 6+ modules including resume builder, cover letter generator, and PDF export, improving job preparation efficiency by 60%.

Achievements

Hackathon Participation – Rackathon 2025 *Organized by G H Raisonni University, Amravati* March 2025

Worked collaboratively with a team to develop a functional tech solution under tight deadlines, successfully delivering a project that addressed real-world challenges. Strengthened collaboration and project delivery skills.

Technologies Used: HTML, React.js, Node.js.
